The Haunting Of Layton Manor

Synopsis

When Sam Landry takes a job as caretaker of the secluded Layton Manor in England, he thinks that it's a dream come true. His job is simple; look after the house for nine weeks before it is due to be knocked down and replaced with a new building by the new owners, Mr and Mrs Warren. While things seem pleasant enough to begin with, Sam soon realises that something isn't right. There are noises in the walls, voices creeping in the darkness and a spectral force that seems increasingly hostile towards Sam's presence. When Sam meets Cassandra Layton, the elusive heiress of the Layton fortune, she is baffled to discover that Sam knows nothing about the grisly history of the manor, and the curse that seems to have fallen upon every generation of the Layton family. As Sam becomes more and more obsessed with uncovering the mystery of Layton Manor, he begins to realise that it's not just himself who is in danger, but Cassandra as well – and Sam soon finds himself in a race against time to solve the mystery and save the both of them before it's too late. The Haunting of Layton Manor is a chilling story of ghosts and the supernatural, set against the backdrop of an old, haunted house, leading up to a terrifying twist of a finale.

Customer Reviews

I liked this book. It had a surprise ending that I was not expecting. Had plenty of skin tingly episodes and it was great to read and I had finished it in one night! One of the few books that I had read that finally had a weird ending and am grateful for that. Creepy and recommended!

I rated this book lower than I might have simply because of the OBNOXIOUS amount of spelling and grammatical errors. It was practically unreadable at times. How can I help? I wanted to highlight all of the badness for you Mr. Hawthorne.... but I really enjoyed your story otherwise.

This could have been a really good read, however the editing was so poor that it was extremely distracting.

I really liked the story but the book definitely needs editing. There were extra words and sometimes you had to fill in words of your own because sentences were missing them.
