Customer Reviews

RH Benson's works are a century old now; it is amazing how well he foretold much of what would occur in the world of academia and public policy in Lord of the World. Little wonder that Pope Francis cited it as one of his favorite works of fiction. Even more interesting is his much needed correction of many myths concerning the Catholic faith, and his reality-based novels on the persecution of Catholics in England after the time of Henry VIII.

These are great books. Everyone should read!!!!

A very perceptive social thinker.
