# Learn Spanish With Stories For Beginners (+ Audio Download): 10 Easy Short Stories With English Glossaries Throughout The Text (Learn Spanish With Audio) (Volume 1) (Spanish Edition)

Synopsis

An Effective Way to Improve Your Spanish Reading and Listening Comprehension Skills   This book makes use of simple yet entertaining stories to help you learn Spanish. By covering a diverse range of grammar structures and vocabulary, and supplementing it with audio, you can improve your reading and writing skills, and even practice your listening and pronunciation.   No Dictionary Necessary This book comes with a Spanish and English glossary within the stories themselves, so there will be no need for a dictionary to help you with words you do not understand.. Improve Your Listening Skills in Spanish With the help of the audio, you can give your listening skills a boost as well as practice your pronunciation. Audio needs to be downloaded via a link available at the end of the book.   This will allow beginners and low-intermediate learners to grasp the narration properly. Extra care has also been given to the recording of the audio to ensure a pleasurable listening experience for learners.   Boost Your Comprehension With Useful Learning Aids and Extra Features Aside from the audio material provided, you will also find: Questions at the end of each chapter to promote comprehension. A summary of the story: After each chapter, you are encouraged to write a short summary of the story, and you can compare it to the provided summary to check your understanding.   Learn Useful Vocabulary for Everyday Situations This book contains a total of ten short stories with themes about everyday activities and ideas. The stories are written using a wide range of vocabulary and diverse grammar structures. The carefully selected combination of dialogue and descriptions is especially suited for beginner to low-intermediate level learners. What to Expect from This Book   A total of 1,000 new Spanish vocabulary words including some colloquial terms spoken in everyday Spanish conversations. Highly improved listening skills in Spanish, thanks to the audio material provided. Â So, whether you are learning Spanish for business or for pleasure, thanks to this book, you can now effectively hone skills that will help you to sound more natural when communicating in Spanish. Â Technical Details: 1,000 words and expressions in Spanish, translated in English. MP3 (90 minutes in total) Â Ready to learn Spanish? Grab your copy and get started today!

Customer Reviews

This book is a good tool for the beginner/intermediate Spanish speaker. I personally have taken several years of Spanish in high school and college, but it has been years since I have studied or used my skill save for a personal trip to Spain that lasted for about a week.It is one thing to memorize a list of words and their meanings and quite another to see how those words fit together and are used in reality, which this book provides at a level appropriate for my knowledge of the language. In the past I have tried this technique by reading a children's book in Spanish (The Lion, the Witch and the Wardrobe), however I was quickly lost when my vocabulary was tested past its abilities. My favorite aspect of this book is that every page includes a glossary of more difficult words in the story so that you can see their English meaning easily and move on. My only qualm was that the story and the glossary did not always align on the same page on my Kindle, so occasionally I would have to skip to the next page to see the meaning. But this is still better than having to look the word up in a dictionary, or at the end of the story/book.This book also includes a list of questions at the end of the story, to test reading comprehension, and a summary in both Spanish and English. Both gave me a good sense of how much I actually followed and understand the story, which was nice. A vocabulary list is the last resource for each story, which provides your standard word for word memorization, which can be helpful to review, but not the highlight of the book.My last comment is related to the audio portion of the book.
