The Best Exotic Marigold Hotel: A Novel (Random House Movie Tie-In Books)

Synopsis

Now a major motion picture starring Judi Dench, Maggie Smith, Tom Wilkinson, Billy Nighy, and Dev Patel — When Ravi Kapoor, an overworked London doctor, reaches the breaking point with his difficult father-in-law, he asks his wife: “Can’t we just send him away somewhere? Somewhere far, far away.” His prayer is seemingly answered when Ravi’s entrepreneurial cousin sets up a retirement home in India, hoping to re-create in Bangalore an elegant lost corner of England. Several retirees are enticed by the promise of indulgent living at a bargain price, but upon arriving, they are dismayed to find that restoration of the once sophisticated hotel has stalled, and that such amenities as water and electricity are . . . infrequent. But what their new life lacks in luxury, they come to find, it’s plentiful in adventure, stunning beauty, and unexpected love. From the Trade Paperback edition.

Customer Reviews

These Foolish Things From every angle you discuss the matter, old age is a very un-sexy issue. Surprisingly, as you move along in your reading of "These Foolish things" sex is in fact quite a subject. The book starts with a story that sounds familiar - wasn't it just last winter when I read this tale in the newspapers - an old lady lying in a hospital corridor does not get treated by the medical

staff and the newspapers are out, once again, to blame the system ...Ravi Kapoor, the over-worked Indian doctor in charge of the elderly woman gets a lot of bad publicity. He himself knows the truth, Muriel Donnelly, the old lady, did not want to get treatment from "those darkies". This whole affair comes at a very bad time for Ravi. His father-in-law, a typical "dirty old man" is staying at his house, after being thrown, again, from another retirement home. Here however comes the unexpected twist. Ravi's cousin comes out with a genius idea: move a group of British senior citizens, just like Ravi's father-in-law to India where labor is cheap and elders are treated with respect, and create a Little England in India. The old folks will never know the difference. The cousin is very convincing, he knows just the right place and the right people to manage the establishment...he is a man who dwells on "arranging". What if the ends are not loosely tied...Ravi is captured in his enthusiasm. This is a story about old age but also about personal revelation and self discovery that sometimes need the mediation of a different place. This is what India manages to do in this book and its influences on the group of elderly people and one doctor is the essence of this lovely story. Deborah Moggach is funny and gives you a very detailed and understandable description.
