## Customer Reviews

This is another great detective story by Stacy. It's about a girl who moved away with her mom because her mom was having an affair with a local businessman. Kevin was heart broken when Lexi

left but now that she's back he doesn't know how to act anymore.

I am a huge fan of this author and really enjoy her writing style. I would have loved to see some build up between the two main characters even with their history. It seemed as if they kind of moved to quick and the dialogue was not convincing to me. I try to put myself in the shoes of the character to see if I'd talk like that or react like that and while I may have thought some of those things, I didn't think she'd actually say or do them in the sequence where they occurred. There was an underlying story that while told seemed to have more to it so perhaps there will be additional stories to this book. As for the short story that was a bonus - loved it! That was the reason for the 3 stars. I could have seen that story as a standalone and would have loved to get into the meat and potatoes of those two as well as the other people involved in their sub-stories. While I'm usually ready to give this author 4-5 stars, this time I was on the fence but I will continue to support and read all of her books!

This story as full of suspense, drama, and lies. It was well written and kept me intrigued throughout. I liked the twists and unexpected events that went on in this book. I had a hard time liking both Alexis and Kevin in the beginning they were both a bit irritating, but they grew on me. They were teenage lovers who found themselves together again through strange circumstances. The sex scenes were HOT!!!! I need some Kevin in my life. Great job by this author and I plan to read more in the future.

Now or Never. I received this book as an ARC member in return for an honest review. This book was interesting. I enjoyed how Alexis and Penelope did their investigation. Alexis' anger towards Grant seems troubling. Alexis finds Kevin (her former lover) very angry with her and not sure he wants to have anything to do with her. Alexis finds a way to change his mind. The sex in the story is a bit much for me.

Stacy Deanne has done it again. Now or Never is a romantic suspense story. When I felt that I knew who the murder was, I was wrong. Alexis Adams wasn't only investigating a recent murder, she was also dealing with a man from her past, who held a piece of her heart. I like stories that are easy to read, exciting, and suspenseful. If you are looking for the aforementioned type of read, Now or Never won't disappoint you.
