History Of The Armenians (Armenian Edition)

Synopsis

Movses Khorenatsi (ca. 410-490s AD; Armenian: Մովսէս Խորենացի, pronounced [mÉʰfĕsÉs ɫʰÉÉ ÉnÉʔtsĕ i], also written as MovsÄ's Xorenac'i and Moses of Khoren, Moses of Choren, and Moses Chorenensis in Latin sources) was a prominent Armenian historian from the period of late antiquity and the author of the History of the Armenians. Khorenatsi is credited with the earliest known historiographical work on the history of Armenia written in Armenian, but was also a poet, or hymn writer, and a grammarian. The History of Armenia was written at the behest of Prince Sahak Bagratuni and has had an enormous impact on Armenian historiography. It was used and quoted extensively by later medieval Armenian authors. Although other Armenians, such as Agat'angeghos, had previously written histories on Armenia, Movses' work holds particular significance because it contains unique material on the old oral traditions in Armenia before its conversion to Christianity and, more importantly, traces Armenian history from Movses' day back to its origins. Khorenatsi is considered to be the "father of Armenian history" (patmahayr), and is sometimes referred to as the "Armenian Herodotus." Khorenatsi's work became the first attempt of a universal history of Armenia. Movses identified himself as a young disciple of Saint Mesrob, inventor of the Armenian Alphabet, and is recognized by the Armenian Apostolic Church as one of the Holy Translators.
