#### Customer Reviews

\*\*\*If you are looking for a book about sex and romance this isn't the book for you. You should know that going into this book it's unlike any other book you've read before and it's very unique but don't give this book a bad review because you were expecting hot sex and romance\*\*\*This is actually my second time reading this book and unlike with some books it's even more enjoyable the second time around than it was the first. Knowing a little more about what the story was about and what to expect allowed me the second time around to really READ the story. I love this book it's totally and completely unique and I have not read any book that even begins to compare to this book. It was so

different from what I read and I LOVED every second of it and would read it again. This book has officially become part of my top 10 favorite books I have read this year so far and will stay in my top 10 for a long time to come. In this story we meet Deanna Martin but she no longer goes by the name of Deanna she currently goes by the name of Jessica Manchild. Jessica is an online sex cammer who charges \$6.99 a minute who's only human interaction are her clients on the internet, Simon her neighbor, and Jeremy the UPS delivery man. What I loved about this book were the clients and her interaction with them, every client is different and at the beginning of each of the client sessions tells you a little about the type of client they are and their interaction with one another. Deanna has her whole life set up for her; she never leaves her apartment, all her food and supplies are delivered to her, and she hasn't been outside of her apartment in three years. Why hasn't she been outside of her apartment for the past three years?

I freaking loved this book! I can't tell you how excited I was when I was finished and thought I can't wait to tell everyone about this story! It is so different than most of what is out there! (yes, all of the exclamation points are very necessary) Don't let the blurb scare you. I was fine with it, but I can see how for some it may seem a bit much. Just trust me on this one and read it! The psychotic and psychological part of, The Girl in 6E, was dark and interesting. You hear of these people with strange fetishes that spend all of their money on phone/internet sex but do you ever wonder why they do this? What got them to this point? Well, Alessandra Torre gives you a view into this world. Also, did I expect Jessica to have psychoses as well? No! But holy s\*\*\* does she have issues."My secret, my obsession is worse than any of theirs. To contain it, I do the only thing I can. I lock myself up. And in doing so, keep myself, and everyone else, safe." The sex camming is really only one small piece of a very large puzzle. (A very lucrative piece, for sure) Jessica is very smart and super observant due to the lifestyle she has chosen to live. She has managed to keep resources at hand. Such as, online food ordering, a hacker friend/clinet, a medical professional, an understanding yet curious delivery man and an addict neighbor. All of these people are critical to Jessica's existance and the way she manipulates them was genius! This book is written in several different POVs, which kept it interesting and suprising. I never wanted to put it down while I was reading it. The story takes an amazing turn that had my stomach in knots, my brow perspiring and biting my nails. I really don't want to give anything away so you'll just have to read it to find out.
