A textbook rental for my wife. When I saw the contents, I seriously thought about paying the extra and keeping it. 's textbook rental system is superb, and I would suggest it to anyone who has the odd desire to avoid paying huge prices for books they are likely to never read again.

This book was loaned at the perfect price and allows me to be able to afford my classes and all of the books and supplies this semester. I love the fact that the price is aligned with what I pay at Chegg. The book is in very good condition.

Although, I purchased this from my school book store I thoroughly enjoyed this course. What can I say ,I love literature Gilgamesh the almighty warrior, Achilles another extraordinary undefeated leader and let's not forget one of the higher women of echelon, Helen . Helen of Troy that is, was swept of her feet by the prince Trojan need I say more. I've written several papers ,but non of them compared to the promising stories that lie beneath the pages of this book. Great book!

While I do have to read this for school, the book is pretty enjoyable. I like the fact that it is broken up into periods of time. It gives you context before each period so you understand what is going on. Another helpful thing is that before each work there are a few pages describing the life of the writer. Part of understanding literature is understanding the historical events that framed the work. This anthology does a wonderful job of that.

This rare text gives world context for literature, a feat that rarely occurs. If only more courses would permit teaching this way.

It was fast and easy and I needed it for my class. No complaints here from me as I got them fast. I like the option to rent the books and then return when done. It beats going to the school bookstore for sure and paying that huge amount.

Readable and usable. It is not in perfect condition but so much cheaper to rent than to buy this expensive book.

The book came in really bad condition, but it still served it's purpose as a college textbook.
