## Customer Reviews

Like this one from page one. Spoiler alert.This one starts in Jarablus, the Northern Aleppo Province, Syria.A man known as Hunter, team leader for a Delta Force group, is on the hunt. They are about to take down a building where a kidnapped reporter is being held.Hunter is point man for his team.

Hunter is just north of six feet tall and a man who carried with him an inner strength that could not be seen nor heard. A presence of command that came off of Jon like something warm and alive, an aura. He and his team will get the reporter out. All tango's are dead and they are about to leave when a ten year old kid shoots Hunter in the back. The bullet hit just below the lining of his flack jacket. The bullet passed through his lower extremities and exited an inch about his hipbone, leaving a wound the size of a peach. This wound will knock Jon Jericho, The Hunter, right out of Delta and the Army. He is offered a desk or a training position but declines. Instead he will be a civilian and go home to the love of his live Justine and her autistic son Micyl. The reporter that Delta rescued is recovering in a hospital in Turkey. This is when a male nurse, a man with a scar on the side of his face, murders the man. The man known as Scorpio is a member of Mossad and Mossad and members of the American FBI and CIA have set a plan in motion that could quite possibly set off WW III So begins one damned fine read.
