Bartley's Man (Ring Of Fire)

Synopsis

Bartley's Man is about love, respect and honor, and becoming wealthy in the service of David Bartley, an up-timer teenager with a brilliant mind. It is the journey of Johan Kipper, a reluctant soldier in illy's tercio as he collides with the fact of Grantville's existence. Johan decides he doesn't want to be a soldier anymore. So he becomes what he thinks is a swrvant to entrepreneur David Bartley and the Higgins family. They actually treat him like a person, in stark contrast to how he has been treated all his life by the royalty and nobility of his own time. Johan returns this genuine caring with love and loyalty as he watches David grow into manhood and he grows as a man.

Customer Reviews

I read it in the Grantville Gazette, the people are engaging. I was impressed with the Chronicles of Dr. Gribbeflotz written as a book. Therefore I was expecting more from Bartley's man than there was. I was disappointed to pay for something I had already read. I really like the sewing circle, The Austrian Waltz and other stories by Paulette and Gerog. There is a misprint where instead of Twinlo, it read Winlo. It is a nice addition to the rest of the series.

This book is clarification of events that have already been covered in other books in the series, but from a different perspective. It's an explanation of how things that seem to happen at bewildering speed might have been built up. It's still bewildering speed really! You probably don't need this background but it's quite interesting.

Really enjoyed this book. I am a fan of the main 1632 series of books by Eric Flint and this story follows the events of "1632" through to the "Bavarian Crisis" but this time through a difference lense and perspective. The cast of characters in this are a lot smaller than the larger cast of the main books and I think it really worked to give a more personal look at how a family survives the events of the Ring of Fire and tries to thrive in it as well. If you're looking for a nice summer read and you're already a fan of and have read the 1632 series of books by Eric Flint, I highly recommend you add this ebook to your kindle list. It follows the same time line but from a different perspective that makes it fresh again, especially if you haven't read through the main books in a while. I highly enjoyed this myself, especially Johan's character, as I have a soft spot for characters trying to change their lives around late in life. I might also note for those who have read volumes of the Grantville Gazette, this book is an extended more fleshed out version of a previous story set in one of the Gazette's anthology issues. Would still recommend picking this one up if you've read that issue before if you enjoyed the original story and would like to read more about Johan's growth in his service with the Higgins family.
