He contacts me only through notes - unpredictable and untraceable. When we meet, he can touch me, but I'm not allowed to touch him. When we make love, it's only after I have been bound and blindfolded. It's the only time I truly feel alive. Which is why I play along with it. For now. Caden Thaine is the most sinfully beautiful man I have ever seen. But more than that, his touch sets me on fire. And dear God, do I ache for him. I know he's hiding something. But I'm hiding things too. The deeper I fall for him, the stronger my curiosity becomes. I could never have imagined just how much our lives are bound. And that pulling at his tangled web of secrets would cause my own dark past to come back to try and reclaim me. Will we survive? Will our love? Customer Reviews

BOOK 1 This was an intense and incredibly well-written story. This was my first Book by this author and I am so glad that I decided to buy it. Compelling and completely engaging, Bound by Lies held my attention from start to finish. I was absolutely dying to figure out what the main characters were hiding and what their real intentions were. The way the story was laid out was perfect with the flashback scenes in the current events intertwining. I don't want to get too involved in the content of the story because I feel that this is the type of story that you should go into without much knowledge of what you are about to read. That's what I did and I thoroughly enjoyed every minute of it. I will say that it was so incredibly sexy, mysterious, and suspenseful, with an ending that will have you yearning for more. Hanna Peach is a truly talented author and she delivered an amazing story that will leave you breathless.

BOOK 2 Hanna Peach incredible storyteller and I thoroughly enjoyed the conclusion to this thrilling story. The book picked up right where it left off, with Kitten and Caden on the run from Jacob and his crew. Although there is tension between the two characters at the start of the story, their relationship deepens and develops as revelations are made and secrets are revealed. I loved getting to know the characters further via the flashbacks that the author gave. I was thrilled when I learned that this installment had dual POVs. Getting into Caden's head and learning more about his past made me fall in love with him even more! I loved how incredibly protective he was over Kitten, and their chemistry as a couple was off the charts! This book was even more suspenseful than the first, and I was on the edge of my seat while reading.

Bound by Lies: The mystery of Caden and Kitten drew me and wouldn't let go. Both of these characters are hiding so many secrets and from what we learn throughout the book, these secrets

are truly tearing them apart emotionally. Kitten (I didn't realize until the end of the book that we never got her name) has been living off the grid for 5 years. I marvel at her strength to push forward and maintain this lifestyle especially as we learn the why through flashbacks throughout the book. I liked how Hanna Peach injected the flashbacks at just the right moments to help me understand Kitten's motivations. In college Kitten met Jacob and was swept off her feet only to find out that the mask Jacob wore really hid a monster. When Caden crosses her path, he provides a different type of escape, something elicit and life affirming for her at this point in her life. Their encounters are sexy but at the same time frustrating since Caden has rules â | ok, I get him needing some rules but I want to know why (come on book 2). As Kitten gets curious some of the secrets are revealed â | now I really need book 2 to find out how they navigate their newest challenges. Bound Forever: How can two broken people find the strength to truly trust someone again? Kitten (we never to get her real name) is faced with trusting Caden again now that she knows he is a cop. The challenge is that there are more secrets he won't share with her. Surprisingly he ends up taking her to his family home where she is surrounded by his past and present. Caden, oh Caden, he is so broken and truly sees himself as unworthy, can he push past his demons and let Kitten in to all aspects of his life? Can he find himself worthy of love? This journey is heartfelt, gut-wrenching and well, didn't let me go once I started.
