Customer Reviews

FIRST OFF THIS BOOK WAS SO GOOD I DID NOT SEE THAT ENDING COMING THE SIDE CHIC SERIES IS MY FAVORITE AND I DIDNT NO THERE WAS A CRAZY IN LUV ONE WHAT THE HELL IS WRONG WITH MIA WHOLE TIME SHE WAS THE SNAKE I DEFINITELY RECOMMEND ALL OF THIS AUTHOR BOOKS SHE HAS NOT DISAPPOINTED ME YET I HATE THE BOOK ENDED SO SOON CANT WAIT FOR SIDE CHIC 5 APART OF ME WANTS KISHA AND TRE BACK TOGETHER THEN I WANT HER TO BE HAPPY ANYWHO READ THIS BOOK

OMG this book was the best out of all the series. This book has some surprise twist and turns and did not fail on bringing the drama. Not going to lied shed a few tears through out the book. But love it. Hope there is a 5th book because it can not just end like that.

I guess what they say don't care about nobody more than yourself. Tre was really irking me he was so judgmental and disrespectful. The way he regarded Lala was really what got me mad. And then the same thing he accuse Lala of happened to him. Imagine he was still mad at her until that incident with Mina ..please. I hated what happen at the end and I really wish Lala had really learned but again she let her foolish decision in regards to tre brought her down. It's sad thou because she was to good and when she realized that it was to late. She should remember that she had kids and thing of tre as such a child because he really was an ignorant person. Am sorry I don't condone these things.

I loved the book Ms. West...hated the ending but loved the book nonetheless! I must say in this last book Tre and Mina worked my last nerves! After dealing w/ Mina a** I saw Kisha in a whole new light! I know this is the last of this story but hopefully these characters will reappear again!

OMG!!!!!! I can't believe that it ended like this! Praise for Latonya West!! She's wicked with the pen. This book was so good! Mina is mentally challenged. I wanted to whoop her behind so bad! I hate females like her. Tre needs to take parenting classes and anger management... he's unstable also. Lala and Kisha should have stopped worrying about Tre... he didn't care about their well being. I'm going to miss these characters!! Awesome job!!!!

Out of the series I felt this book was the worst. It just didn't do it for me. Tre was just acting a damn fool the whole book and all he did was judge everyone else like he has any room to judge at all. I felt like the things he said to Lala was just to much and I was so happy when she got a back bone and told his behind off. Kisha and Lala cared a little to much about Tre in my opinion. I really wish Tyson would have listened to his mom about not getting into Tre's mess. My personal opinion I just feel like the author didn't put as much into this book as she did the others, it seemed rushed. I hope there isn't a part 5 because i think she should let this series go.

Finally, I got around to reading this book. Unfortunately, I made to mistake of reading some of the reviews before I purchased the book and I already knew how the book was going to end. Some of these idiots don't understand the concept of how to write a "review". Anyway, I have to say this book is definitely the best one out of this series. The ending was screwed up in a lot of ways, but overall, this was a pretty good book. I am very pleased with the growth of Kisha and Lala. I've always loved

Kisha's character, but in the previous two books, she showed her a\$\$ a little too much for me. She has grown so much since the last book. I loved the way she is focused on trying to do better for herself and her boys. Lala, I have to give her a little credit. She is still weak, but as the book went on, she grew quite a bit. By the end of the book, she finally grew a backbone. Tre on the other hand, needed his a\$\$ beat. If the author was trying to succeed in getting to readers to hate someone, she definitely did that with Tre. This dude can't seem to keep his hands off women, but when he fights a dude, he gets punked every time. Mina, I can't explain her character in any other way other than she is one of the nastiest, most trifling and ignorant characters of all time. Her and Tre and right there on the same level. I'm totally confident in taking Kisha and Lala out of the Dumb B*tches Club and adding Tre. In the end, Tre was the biggest, dumb b*tch of them all. I wonder what color panties he wears? Are they the ones with the little pink stars or do they have polka dots?

I seriously almost stopped reading it with the way tre was acting. I have always been #teamkisha and didn't have any sympathy for lala in the other books but she got treated like complete shit even to the point that Kisha had to take up for her. I'm more so pissed tho because this book seemed rushed and the ending left no closure. I have to say this was the worst of the 4. But on the other hand I'm glad Kisha got her happy ending.
