Customer Reviews

I thoroughly enjoys this author's books. She has complex characters and plots. She also has series books which I also enjoy since they speak to the previous characters and provides further

information on their involvement with the present characters. You will enjoy this book.

This was a really good book. I would highly recommend it. Stephanie Laurens has the ability to capture your attention and keep it throughout the whole book and still leave you wanting more at the end.

Two very good stories. I can always count Laurens and now I have a new author to enjoy in James.
