Multicultural Children's Books: WHO NEEDS TEETH? (Adorable Rhyming Bedtime Story/Picture Book About Caring For Your Teeth, For Beginner Readers, Ages 2-8)

Synopsis

Teeth -- who needs them? From a rabbit to a dog to cat to a cow to a horse, they all need teeth to eat the food they require to remain healthy and happy. Children are the same. If you didn't have teeth, you wouldn't have fun. You couldn't eat an apple or a cinnamon bun. You couldn't eat a sandwich made of cheddar cheese. You couldn't eat your vegetables like green beans or peas. You couldn't eat all the things that make you strong and bright. You couldn't eat a snack in the middle of the night. You couldn't eat a birthday cake on your special day. You'd be left with only ice cream, as they'd take the cake away. This is a delightful way to emphasize the importance of caring for one's teeth, and not just to chew with, but to put on a happy face and smile with. * 25 whimsical illustrations full of color and charm* Great reminder for every child! If this sounds interesting, scroll up to obtain your copy. Be sure to take a peek at HOW THE COW JUMPED OVER THE MOON, another very funny book by Sally Huss about trying something new.

Customer Reviews

This is a simply adorable book! A charming story of the importance of healthy teeth. Anyone who

has struggled to get their children to brush their teeth, will love this book! Delightful rhymes that remind our little ones that teeth really need attention and care. I read this to my niece and she promptly got up and said to me, "Auntie, I am sorry, but I have to go and to brush my teeth now." Great message!

What a fun way to have kids see the benefits of caring for their teeth! Would be great for dentists to have this to give to children at their first visit. Also great for teachers to use as a reference when teaching about oral care. Kids love the illustrations and the rhyming helps to remember the messages. Another gem in your crown Sally!

Convincing small children to brush their teeth may be akin to pulling teeth -- but this little book makes it easy. With unexpected rhymes and adorable drawings, "Who Needs Teeth?" answers its own question. We all do, even little ones who may otherwise think that they are invulnerable. A great book to be read as part of a nighttime ritual! Finally a multicultural series for helping kids.
