Customer Reviews

I was disappointed to find that the book was covered in hand writing. The condition of the book was described as very good and I didn't expect this. The book itself is good and I enjoy studying it. There are a lot of exercises that are difficult to do on a teach-yourself basis. I wish there were more worked examples, instead of lots of questions. By the time I have finished book 4 I should be able to read Spanish text at an intermediate level and also know more about Spanish speaking countries. I doubt I will be able to speak more than basic Spanish!

Beautiful. No complaints. 5 stars.

great!
