## Customer Reviews

Another great read by Fuchs. Spoiler alert. This one starts with Handon and his team headed for Camp Lemmonier in Africa. They have to try to find one of the first turned so they can bring it back. Park needs this specimen to complete his vaccine. They are on a boat launched from the JFK and are almost capsized by a pod of whale sharks. They get ashore okay but lose all the ammo and supplies. Once at Camp Lemmonier they capture a Sgt. Zorn the only live human at the camp. Zorn isn't willing to help them because Handon and his team are Spec Ops and Zorn is regular military and has a deep hatred of Spec Op's operators. In England things are looking bad. Troops are being overrun and eaten by the dead and part of the great wall has fallen. Elliot Walker from Para 2 and his team are the last bastion of defense as they desperately try to rebuild the fallen parts of the wall. Elliot and his men will be making a last stand. Handon is blackmailed by Zorn. Zorn will help him if Handon and his men can clear the West part of the camp. The only part that still has the undead in it. In return Zorn will act as guide to Hargeisa. Handon has no choice. He needs Zorn as a guide though Henno would rather just kill the bastard. He and his operators start clearing the West part of

the camp. So begins another great read by Fuchs.
