Customer Reviews

I found each story to be interesting and not the typical average woman meets sexy billionaire and eventually they live happy ever after. Each one is a bit of a mystery.... A crime committed, an injustice to address.

POISON: Wow, this was totally different than the other stories from box set 1 & 2! The characters felt real, you could feel their struggles, their heartache and the doubt! It showed you what love was like at its core when you loved someone but wasn't sure if they or you were strong enough to survive and come out the other side! I loved this story! STORM: I enjoyed this story a lot. It had characters I liked and a mystery that had the right amount of twist and turns! I did find at least three verbiage errors that a little annoying but all and all a very good story. Also, missed an epilogue but if there was another continuing story to see the future of Simon and Cara that would be great.

TOUGH: A very nice story with enough twists to keep it interesting! I enjoyed the characters and how Glenna portrayed the love of family. There were a number of verbiage errors which didn't hurt the story, just was a bit annoying, I enjoyed the epilogue which gave a insight to the future of some of the characters. BOUGHT: this was a very good story! I loved the characters, they are flawed and loving and I want to read about them! I didn't notice any verbiage errors, but that might be because the story was so good! I do miss the epilogue, so the hope is you write another story of Katie/Angela and Connor and Kyle! Also, Zoey and her new love! LUCIEN: I loved this story! Total twist in this story! The characters were perfect, never knowing who was actually behind everything! I loved this theme, can't say that the main topic of this story have I read to go along with this HEA! Not sure you could call this a typical HEA with the plot twist! The epilogue was okay, but it would have been nicer if it showed a bit more of a future for the characters! Wonderful job Glenna Sinclair, well worth more than 5 stars for each of these stories in my opinion! I look forward to reading more!

unusual twists hold the reader's interest. Somewhat repetitive as each character dwells on past events and emotions. There really is no need for the amount of repetition shown.

This is my first time reading this author's work but it will not be the last. The stories were mixed with romance and mystery. I looked forward to reading the next series.

I love theses story I was glue to this book. It had everything I was looking for. The drama the romance suspense the passion the sex that's the best and a good ending

I've only read the first two story but looking forward to completing the entire collection soon. Loved the characters story line

Several grammatical and spelling errors. Needs better editing. Did enjoy the stories despite the explicit sexual content

All the stories in this box set were very good. I would recommend this set to anyone that loves a good love story.
