Begging To Be Owned (The Institute Series Book 7)

Synopsis

Twenty-three-year-old Olivia Rogers thought her desperate need to be owned, punished, and taken in the most shameful of ways was a secret known only to her, but she was wrong. Had she known the Institute existed, she would not have been so surprised to find herself captured, stripped bare, spanked soundly, and thoroughly dominated by a muscle-bound Institute trainer. Gabriel's job at the Institute is simple. He teaches girls like Olivia exactly what it means to be owned, and he shows them both the intense pleasure of submission and the painful consequences for their beautiful bare bottoms if they attempt to defy their natural yearning to be mastered. Even Olivia's most private places will be explored and enjoyed by Gabriel and the other trainers, and their skilled, dominant lovemaking will leave her quivering with desire and aching for more. But though her training at the Institute is intended to prepare her to belong to a powerful billionaire who will pay handsomely for her, there is another man with an interest in Olivia, a former lover determined to win her back. But how far will he be prepared to go to reclaim her? Publisher's Note: Begging to Be Owned is the seventh book of The Institute Series. The books of The Institute Series are stand-alone novels which can be read in any order. Begging to Be Owned includes spankings and sexual scenes. Customer Reviews

This entire series is exceptionally well done. Ms. Tilton has totally nailed the timing and images for this genre. Everything I've read of hers has had well developed characters, and extremely hot scenarios. I'm going shopping again for more of her different stories.

Oh man, another sizzling HOT story! I was hooked from page one and read it straight through, seriously. Great characters, strong plot, well written and hot enough to melt your Kindle, what more could you ask for? You don't have to take my word for it, quit reading here and read the book for yourself. You'll be happy you did! I received this book from Stormy Night Publications as an Advanced Reader Copy.

This is the seventh in the Institute series by this author, and yet again she does not disappoint. Olivia Rogers has a secret desire to be owned and mastered by a dominant man, but cannot convey these desires to her boyfriend, Jared. Unknown to her, she is being watched by Gabriel, the trainer at the Institute, where women are sent to be trained in all aspects of submission and punishment, to be sold to a wealthy businessman for his harem. It is only after being thoroughly trained by Gabriel, in all aspects of submission, that Olivia comes to realise just how much she needs to be mastered, and wishes that Jared had discovered this when they were together. In her usual inimitable style, the author draws the reader in to the erotic and compulsive world that brings the uninhibited world of Dominance and submission so vividly to life. Yet another five star book from Emily Tilton, and it is easy to see how her books continually rise to the top of the bestseller lists for the genre. Highly recommended.
