WINTER(THE POETRY  
COLLECTION)

GREATEST POET ALIVE

## Synopsis

By all accounts and purposes, Andre Linoche would be a villain in most tale because of his love for and pursuit of a married woman, Sheila Gordon. But he is simply following his heart and the reciprocity that is love has given. Yet, there is one thing in the way of it all things amorous, James Gordon, Sheila's husband. This is the The Warmest Winter

## Customer Reviews

James Gordon's *The Warmest Winter* is an intricate murder mystery where no one is exactly who they seem to be. As befitting all great crime thrillers, there are more unexpected twists than in a barrel full of red herrings. These serve to maintain reader interest and create the marvellous atmosphere of constant tension present throughout. Yet what drives this novel forward are two masterful traits the author brings to the narrative. The first is the powerful prose that sets the tone in each scene and lends an enviable solidity to the events the writer conjures up. The second, a far more difficult proposition, is the courage to tell this complex tale in the first person. We, the readers, find out what has happened at the same time as the protagonist, and are equally led up false trails with him until the surprising climax is revealed. Our involvement with the protagonist though is not one of an ephemeral observer. Author Gordon places us in his skin, allows us to

experience his own troubles as his marriage crumbles and his future prospects appear to disintegrate too. It makes the eyes through which we witness the mystery unravel a very human perspective which serves to colour our own appreciation of the trials and tribulations other characters experience. If you are looking for a robust murder mystery with a down-to-earth flavour, this is the one for you. Highly recommended! One of my best reads this year!

I was looking for a cozy mystery and the cover of this book pulled me in. What I got was a fast paced thriller! This book had a lot of great twists and turns with a great plot. Definitely a 5 star read. I don't know if it was Kindle or not, but the formatting was terrible. I know authors aren't necessarily responsible for ebook formats (maybe the publisher can take a look?) but there were cases where dialog from more than one person was run together and where a chapter title was at the end of the last paragraph of the previous chapter. I don't want to lower my rating based upon formatting issues since what I really want to rate is the story itself, but it was difficult to read with the formatting.

The warmest winter, by the Greatest Poet Alive is an exciting thriller of love, lust, affairs and murder. The story is told by the James Gordon lawyer of Miles Livingston whose second wife and his two little girls were brutally murdered. James and the police hunt for the killer. Gordon has his own marital problems similar to the marital problems of Miles Livingston. The story grips your attention from the first page and does not let you go. The author has a great command for dialogue and plot twists. The author is brilliant at setting up the scenes and details. When you think you have figured it out there is a twist. I felt the characters were vivid and compelling. This mystery novel has it all, lust, murder, twists, and suspense. Well done!

The Warmest Winter: A James Gordon Mystery Murders occur, and James Gordon an attorney has to find the guilty parties. There are many twists and turns that occur in this fascinating, thrilling murder mystery; you will want to turn page after page to reach the final conclusion. I would certainly recommend the reading of this book, very graphic at times but well worth the read.

This story is about an attorney named James Gordan who is pulled into a "whodunit" murder mystery. This book pulled me in from the beginning and kept me intrigued with the twists and turns. The ending left me wanting more of this character and the murder mystery.

An introspective thriller with fast dialogue. I don't know if it was the author's intended style or just a

formatting error but the dialogue pulled me along quicker than any other book I have read. It served to heighten the tension of the who- done- it to the extent I had to read it in one day. (It was a late night.) Regarding the topic of infidelity; it sickens me. The truth of the two men's behavior was so real. One was a serial type the other just as bad but holding himself up as a paragon until he slowly came to grips with the destruction he was causing to the other players in his sexual drama. Lies and betrayal wound deep and forever. I was happy to see one of the men step up on the path of redemption.

The story begins with a gruesome murder of Miles Livingston's second wife and his two little girls. The main character, James Gordon, is called to the scene of the crime as Miles' attorney. As James tires to get to bottom of the grisly murder, he uncovers a secret that his best friend, Miles, was hiding. Unfortunately, Miles' secret correlates very closely to what James is going through in his own personal life. As James tracks down the murderer, what he learns makes him doubt his own choices in life. I really enjoyed this story. It's written in first person, which makes it easy to identify with the main character. It's fast paced, and I couldn't wait to read to the final reveal. Like all good thriller's there are twists and turns and I didn't figure out the villain until I was supposed to. Which for me, is pretty good, as I usually figure out the plot acres way before most readers. My one complaint is the terrible formatting. Dialogues are tun together, paragraphs where there shouldn't be and none where there should be. Normally I'd lower my rating by 1 star with issues like this, but I was drawn into the story so much, I'm going to make an exception. I highly recommend this book and give it 5 feathers.
