Captivated By You (Crossfire, Book 4)

Synopsis

The #1 New York Times and #1 USA Today bestseller. Gideon calls me his angel, but he's the miracle in my life. My gorgeous, wounded warrior, so determined to slay my demons while refusing to face his own. The vows we'd exchanged should have bound us tighter than blood and flesh. Instead they opened old wounds, exposed pain and insecurities, and lured bitter enemies out of the shadows. I felt him slipping from my grasp, my greatest fears becoming my reality, my love tested in ways I wasn't sure I was strong enough to bear. At the brightest time in our lives, the darkness of his past encroached and threatened everything we'd worked so hard for. We faced a terrible choice: the familiar safety of the lives we'd had before each other or the fight for a future that suddenly seemed an impossible and hopeless dream...

Customer Reviews

Please be aware there will be small spoilers concerning the plotline. It is such a shame.....this series started out so strong. Bared To You and Reflected In You were absolute perfection. Entwined With You (book 3) was just okay for me, but I understood going into it that it was a transition book so I didn't expect too much to happen. The best part of EWY was Gideon and Eva solidified their relationship. Looking forward to Captivated By You, I had very high hopes. I had read some

interviews with Ms. Day and watched her on Youtube explaining books 4 and 5 would focus on Gideon's issues and I was excited about the prospect of finally really digging into Gideon. Unfortunately that is not how it played out for me. Right off the bat, Eva is dealing with some left over emotions concerning Brett Kline. I am like....what??? I thought that particular door closed for Eva in EWY at the Golden video premiere. She realized she loved Gideon completely and although she may have a sexual chemistry with Brett, their relationship would never resume. She belonged with Gideon. I felt the only lingering storyline concerning Brett was the sex tape....guess I was wrong. This bothered me for a couple reasons. I felt this drama was contrived only to be a filler....I felt this issue was resolved also Eva's conflict over Brett seemed to set her back a few steps.....taking her back to that desperate girl who used sex to try and keep him. That is not the Eva that has been growing stronger and stronger in the past 3 books. I didn't get angry with Eva, but I truly didn't understand why Ms. Day chose to take Eva's character in this direction.

Possible Spoiler Alert**Yawn Was there a purpose to this book? Unless the purpose behind this book was an attempt at driving this series into the ground, then congratulations, it was a success. This book is similar to ordering a box of candies from a company that you've trusted in the past, and they send you a huge box, and you think that it's going to be filled with all sorts of goodness, but then you open the box, and it's filled with nothing but packing peanuts, and you keep searching thinking that you're going to find something, and finally after going through all the packaging, you find a caramel. The packing peanuts in this book are the sex scenes, and try as you may to search through all of them, but you aren't going to find a caramel, maybe a piece of butterscotch candy. Because I enjoy erotica, it pains me to say "Enough with the sex", please, we get it, we also get that they need each other to survive, Gideon is the yin to Eva's yang, he can't breathe without her, his body hurts not being inside her, they feel each other's presence before they see each other, their skin aches when they part, WE GET THIS, IT WAS ESTABLISHED OVER AND OVER AND OVER AND OVER AND OVER AND OVER IN ALL THREE PREVIOUS BOOKS. Seriously, they have sex before work, while on the way to work, while at work, and then after work, at this point I would be happy just to see either one standing at the water cooler talking to a co-worker about the last episode of The Walking Dead, effing anything but the two of them effing. It would be nice to read one of having an independent scene without the other waiting in the shadows.
