Kingdom Cursed (Legends Of South Haven Book 4)

Synopsis

THE LEGENDS OF SOUTH HAVEN An Evil Dark Tale That Will Leave You Breathless. Kingdom Cursed...Scholars still speak of the dark ages. They even teach classes about the 14th Century....What they never truly mention is the reason this time in history was called The Dark Age. Leaving out most of the true horror that the rulers of that era perpetrated onto their women and children. The penalties that certain kingdoms placed upon their people. Of how their rule plagued good men to turn into brutal warriors to protect their loved ones and homes. Kingdom Cursed takes us back to a time of good vs. evil. A time of dark betrayal, merciless warriors, and the timeless passion of love. This maelstrom of a tale speaks of a dark evil that empowers a king and keeps him on the throne. Sacrifices are made and fates are set in stone, who is willing to pay with blood and bone?

Wonderful

I enjoyed the book very much. Two very provocative writers, compile a very good story. I would

recommend this book to any reader who enjoys the dark romantic genre.

This is my first medieval read. This was such a dark time in the early 1400's. The authors have managed to write just how dark it was and how King Drakekar manipulated and controlled his lands to a point of no return for the villagers that lived there. You find yourself entangled in each of the characters and the lives they lived under control of this dark King. Somewhere within this evil lies a beautiful love story. I really loved how I could put myself into the story and feel the emotions of the characters that portrayed their positions within this dark time. I definitely would recommend this book and look forward to what the authors come up with next!!!!
