On The Record (The Record Series Book 2)

Synopsis

For political reporter Liz Dougherty, election dayâ€”a day of looking toward the future and saying goodbye to the pastâ€”seems like a fitting time to start a new relationship. But feelings for her former flame still linger...The sexy second book in USA Today bestselling author K.A. Lindeâ€™s Record series decides whether itâ€™s better to pick up the pieces and move on...or to pick up right where you left off.

Customer Reviews

On the Record. This book! Okay my review is going to be short and sweet simply because OtR was a great, angsty, emotional read and I don't want to give away too much of the story because I want every single reader to go through everything I did and to experience it without any preconceptions...***Spoiler Alert. If you have not read Off the Record do not proceed***Completely deflated. That is how we all felt at the end of Off the Record. We had gone through this intense, emotional love affair with Brady and Liz to just watch her walk away at the very end. Oh. My. God. My heart! Just as Brady was coming to terms with the fact that Liz was so much more than a fling and that he was indeed in love with her ... she simply walks out of the door and out of his life. How

could she????It was simple. She loved him enough not to make him choose. She knew that the campaign would win. His ambition. His purpose in life. She didn't stand a chance... and she loved him enough not to force him to be the bad guy. He had never lied to her. He had never made her any promises. It was her own stupid heart that couldn't play by the rules. So she did what she thought was best for them both. She had faith in Brady the Politian. She wanted to see him succeed and she did her part for the man she loved and the candidate she believed in. Now she had to live with the consequences. The pain. That's what *On the Record* is... a book about dealing with the pain of losing THE LOVE. Picking up the pieces and moving forward. Liz has no other choice. So she moves on at school, works hard at the paper, goes out with her friends, and keeps putting one foot in front of the other. She does a really good job. She knows in her heart of hearts she did the right thing... but she MISSES him.

Many years ago, I think around the time that *The Empire Strikes Back* was released (the first time), a review I read observed that second installments in trilogies often suffer from being inferior to the first and third. Something about Part II having to get you from I to III, thereby necessitating its somewhat less-than-spectacular reputation. And here comes *On the Record*, which seems to back up that theory. In Book 1, *Off the Record*, K. A. Linde introduced us to Liz Dougherty and Brady Maxwell, a college journalist and would-be state senator, respectively. Theirs was a passionate, tempestuous relationship, one that often left Liz feeling flush with love (and lust) yet also bereft and lonely. Brady's campaign manager and attorney - the only two people who knew about his affair with Liz - saw her as a liability. The public would not be impressed by a 27-year-old dating a 20-year-old college kid. So in addition to all of that tempestuous passion, theirs was a secreted relationship. As the book ended, Liz decided to remove herself from Brady's life, believing that it was best for him. If she walked away, he could pursue his election without any distractions she would provide. She loved him, certainly, and she told him so. Brady never quite voiced those feelings to her, although she did overhear him express them to the campaign manager and attorney. Book 2 begins with Liz back in school for her junior year, still working at the paper, still enjoying the attentions of her editor-in-chief Hayden. And still without Brady. And that, kids, is the extent of this book. There are pages (and pages and pages) of Liz bemoaning her inability to commit to Hayden due to her lingering feelings for Brady.
