Customer Reviews

Given a copy of this book from the author in exchange for an honest review***Review From Amy Conley For The Nerd Girl Page***Tyne Whitlock thought she left her past behind but when her teenage son Zachary aka "Zach" gets into some trouble Tyne has no choice but to go to Lucas SilverHawk a high powered attorney.Lucas comes up with a plan to take Zach back to Wikweko the place where Lucas was born and raised. It's there that Zach will learn important life lessons and becomes a better person from what he used to be. When Tyne steps back into the one place she

tried to leave behind her past catches up to her and a lot of memories come pouring in and secrets come spilling out now the three of them have some catching up to do and there's a lot they must learn about themselves and each other. My Review: Firstly I would like to say what an amazing job the author did on this book and I wish I could give it more than the 5 stars because it definitely deserves a higher rating! It left a huge impact on me and one that I'll never forget! Not only is this story incredible but also the characters you watch them grow up tremendously in front of your eyes! I really enjoyed this book a lot it brought me smiles, laughter and on occasion some tears too but what I enjoyed most of all is the sense of family and how after some time the characters came together and formed this incredible bond! I also enjoyed learning the history aspect of it we get to see inside the Lenape community where Lucas grew up and what it meant to be a Silver Hawk and other cultures as well.
